Feature	Lightyear	SAP Concur
Enterprise travel & expense	Out-of-pocket expenses only	Full travel booking + expense
Automated price checking	Vs agreed supplier pricelist	Not available
Purchase order & 3-way matching	Native, line-level	Invoice-focused, limited PO
Implementation time	Days to weeks, self-serve	Enterprise project, months
AI-audited transactions	Line-item extraction + checks	100% AI transaction audit

✓ AI Data Extraction

Line-item extraction across invoices, receipts, credit notes and more.

✓ Catches overcharging

Automated price checking flags discrepancies against your agreed supplier prices — before approval.

✓ Full PO workflow

Create purchase orders, receive goods, and match invoices — all in one system.

✓ Statement Reconciliation

Automatically match supplier statements against your records to catch missing, duplicate, or mismatched invoices — before they become a problem.
