Feature	Lightyear	Tipalti
Global supplier payments	Not a focus area	190 countries, 120 currencies
AI agents (reporting, tax, PO)	Line-item extraction focus	Agentic AI suite (2026)
Automated price checking	Vs agreed supplier pricelist	Not available
Purchase order & 3-way matching	Native, line-level	PO matching (higher tiers)
Supplier statement reconciliation	Automated, 1-click	Not a core feature

✓ AI Data Extraction

Line-item extraction across invoices, receipts, credit notes and more.

✓ Catches overcharging

Automated price checking flags discrepancies against your agreed supplier prices — before approval.

✓ Full PO workflow

Create purchase orders, receive goods, and match invoices — all in one system.

✓ Statement Reconciliation

Automatically match supplier statements against your records to catch missing, duplicate, or mismatched invoices — before they become a problem.
